CERTIFICATIONS

The Yellow Network — AI & Web Intern

3-month Internship · AI & web
Built ResponseRally (multi-LLM).

NPTEL — Joy of Computing (Python)

IIT · Jan–Apr 2026 · 98/100
12-week Python problem-solving.

C-DAC — Ethical Hacking

C-DAC NOIDA · Mei'Y, Gol
Cyber Gyan Project training.

Web Dev Intern — CIFERTROOPER

Apr – May 2026 · 1 month
WordPress, HTTrack, UI/UX.

SUMMARY

CS undergraduate at GCT Coimbatore (CGPA 7.95) building production-grade software across Java, Python, TypeScript, SQL, AI tooling, full-stack systems, and cloud apps. Built 23 public repositories spanning 8 engineering domains using more than 10 languages. AI/Web Intern at The Yellow Network, NPTEL Elite (98/100), and C-DAC certified trainee.

EXPERIENCE

AI & Web Dev Intern — The Yellow Network

3-month Internship

Real-world AI & web · Mentors: Senthilvelan N. & Vishnu A.

- Built ResponseRally end-to-end — a multi-LLM benchmarking suite using React 18, TypeScript, Express 5, Prisma, Neon PostgreSQL & OpenRouter API.
- Gained hands-on SDLC, SRS documentation, Git workflows, and structured project-management experience inside a real engineering team environment.
- Strengthened communication & technical-defence via regular demos; learned that consistency and teamwork matter more than raw individual skill alone.

Web Dev Intern — CIFERTROOPER LLP

Apr – May 2026

Full website re-development · Mentor: Sanjeev K

- Cloned the existing production web application via HTTrack, then rebuilt it from scratch using a different modern technology stack.
- Developed and customized pages in WordPress; applied modern UI/UX principles for a cleaner, more professional interface.
- Improved responsiveness, accessibility, and overall user experience across mobile and desktop breakpoints.

General Secretary — Dept. of CSE, GCT

2023 – Present

Government College of Technology, Coimbatore

- Lead coordinator for all departmental events, inter-college competitions, and hackathons; managed logistics and communication for 200+ students.
- Primary liaison between student body and department faculty; drove academic & extracurricular initiatives across the full CSE department calendar.

PROJECTS

ResponseRally — Multi-LLM Benchmark

React 18 · TypeScript · Express 5 · Prisma · Neon PostgreSQL · OpenRouter API
Submits one prompt to N AI models in parallel; measures latency, token throughput & cost in real time. JWT auth with email OTP, persistent history, custom-provider registration. Built during 3-month internship at The Yellow Network.

C1X-Workflow-Builder — Web Component

TypeScript · Custom Elements · Shadow DOM · Rollup · npm registry
Framework-agnostic marketing-automation workflow builder published as a native Web Component. Drag-and-drop node editor, JSON import/export, undo/redo & full validation. Bundled via Rollup with TypeScript type definitions.

N-Queens Puzzle Studio — Flutter Social App

Flutter · Firebase · FastAPI · OpenCV · AES-CBC · Vercel Cron · FCM
Camera board scanning, MRV+forward-checking AI solver, AES-CBC QR sharing, real-time Firebase multiplayer. FastAPI backend ships daily puzzles via Vercel Cron + FCM push notifications; fully offline-first with local caching.

Splitr — Expense Settlement + Flutter

React 19 · TypeScript · TanStack Query · Recharts · Flutter WebView
Debt-settlement algorithm with bidirectional cancellation, circular-debt elimination, and greedy net-settlement (15 edge cases tested). Flutter Android wrapper bridges native file I/O via JS messaging interface.

ACHIEVEMENTS

- Elected General Secretary of CSE Dept., GCT Coimbatore — led technical events and workshops for 200+ students including hackathons and seminars.
- Built 23 public repositories spanning 8 engineering domains within 2 years.
- Engineered cross-platform systems in C (Linux PAM), C# (WPF/.NET 9), Kotlin, MicroPython & Raspberry Pi — all integrated into fully shipped products.
- NPTEL Joy of Computing 98/100; C-DAC ethical-hacking training; C1X published on npm; completed 3-month AI/web internship at The Yellow Network.
